The Inter-American Development Bank, through AcademiaBID, issues this badge and certifies that the recipient has completed the OER “Coordinated Border Management During Emergencies and Natural Disasters,” strengthening the capacities required for the clearance of goods to address complex and multidimensional humanitarian needs in emergency and disaster situations. Additionally, it covers the legal framework concerning the entry and exit of goods and people in such situations, the importance of Standard Operating Procedures, and communication protocols for emergency response.

#Customs_Management #Disaster_Preparedness

Achievement Type	Certificate Of Completion

BID-INDES@iadb.org

Our people are committed and passionate about improving lives in Latin America and the Caribbean, and they get to do what they love in a diverse, collaborative and stimulating work environment. At the IDB, we're committed to improving lives. Since 1959, we've been a leading source of long-term financing for economic, social, and institutional development in Latin America and the Caribbean. We do more than lending though. We partner with our 48-member countries to provide Latin America and the Caribbean with cutting-edge research about relevant development issues, policy advice to inform their decisions, and technical assistance to improve on the planning and execution of projects. For this, we need people who not only have the right skills but also are passionate about improving lives.

Criteria

Learning objectives

1. Identify the critical structural elements for an effective and efficient response to emergencies and natural disasters.
2. Identify the necessary coordination actions among various stakeholders when activating a contingency plan.
3. Assess the importance and benefits of working proactively and in a coordinated manner to drive the required changes that enhance efficiency and provide certainty in emergency operations.

Learning experience

This Open Educational Resource (OER) includes:

- Learning activities that facilitate knowledge assimilation, to be approached individually in each module.
- Knowledge assessments consisting of verification quizzes at the end of each module and a final exam.
- Reading materials that support the learning experience.

Estimated efford

Completing the OER required approximately 15 hours of dedication.
